Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Having found the elected invention in condition for allowance, and because the election of group I is made without traverse claim 4 is deleted.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: the invention relates to compounds of formula I. The rejection of record is withdrawn due to the affidavit filed 4/8/10, and the telephone interview of 5/4/10. The Examiner is in total agreement with applicant in using the '450 Korean application as evidence of reduction to practice to overcome the rejections of record.

Claim 5-7 are drawn to process of making compounds of claims 1-3. Having found claims 1-3 in condition for allowance, the restriction of 5-7 is hereby withdrawn; the claims are rejoined and are found in condition for allowance over prior arts of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
